Mr. Joseph Xiras, President
Minerva Cleaners

Dear Mr. Xiras,

I want to thank you for your generous gift of badly needed turnout gear to the Farrell Firefighters Fund. Our relation with your Company is truly a gift. I am extremely grateful for your support and saying thank you just does not seem enough.

This Fund has been able to support firefighters on Long Island and nationwide. We have assisted departments in Texas, Georgia, Florida, Ohio, New York, California, New Jersey, Connecticut and Massachusetts. In the past four years the Fund has given out over \$550,000 to the families of firefighters. Please keep us in mind for any future surplus that may become available as requests are received by the Fund on a daily basis.

Minerva is far more than supporters. You have treated the Farrell family like part of your Company and your friendship has enabled us to continue something good from sorrow.

September 11, 2001 may have taken the firefighter but thanks to you we will always have his spirit.

Sincerely,

A handwritten signature in black ink that reads "Brian Farrell". The signature is written in a cursive, flowing style.

Brian Farrell

BOARD OF DIRECTORS
